

Foreground Action Initiatives Worksheet

Foreground Action Initiatives Process Work

1. Start by doing a quick review of your Midground Focus.
2. Brainstorm the answer to “What’s Important Now?” making a list of 12 to 15 key actions. Remember that you are creating Action Initiatives *that move you toward* the Midground Focus.
3. Sort your key actions into four buckets by grouping, collapsing, and consolidating your key actions.
4. Give each Action Initiative bucket a name.

Foreground Action Initiatives Buildout

5. Complete one table for each of your four Foreground Action Initiatives:

Sample: Develop a Disciple-Making Team
We will... develop a Jesus-style disciple-making approach that is simple to reproduce and is owned by our key leaders.
Our goal is... to build a disciple-making team of 12 key leaders serving as our second generational disciple makers.
